

1st meeting of the French Mast Cell and Basophil Club
November 13, 2018, Institut Imagine, Paris, France
24 Boulevard du Montparnasse, 75015, Paris

Preliminary program

9:00-9:30 Welcome by the organizers

9:30-11:30 SESSION 1: Basic Research on Mast Cells

9:30-10:00 **Gunnar Pejler, PhD** (Uppsala, Sweden)
'Mast cell proteases in health and disease'

10:00-11:30 Presentations selected from submitted abstracts

11:30-13:00 Lunch - Poster session - Exhibition

13:00-15:00 SESSION 2: Basic Research on Basophils

13:00-13:30 **Marc Daëron, MD, PhD** (CIML, Marseille ; Institut Pasteur, Paris)
'Basophils from allergic patients are neither hyper-responsive to activation signals nor hypo-responsive to inhibition signals'

13:30-15:00 Presentations selected from submitted abstracts

15:00-15:30 Coffee break - Posters - Exhibition

15:30-17:30 SESSION 3: Clinical Research on Mast Cells and Basophils

15:30-16:00 **Jocelyne Just, MD, PhD** (Hôpital Armand-Trousseau, Paris, France)
'Trajectories of allergic sensitisation in childhood and range of IgE responses'

16:30-17:00 **Olivier Hermine, MD, PhD** (Institut Necker, Paris, France)
'Recent advances in the pathophysiology and therapy of mastocytosis'

17:00-17:30 **Jean-François Nicolas, MD, PhD** (Hôpitaux de Lyon, France)
'Mast cells in chronic inflammatory skin diseases'

17:30 Awards and concluding remarks

19:30 Networking dinner

Organizing committee

Michel Arock, Ulrich Blank, Nicolas Charles, Nicolas Gaudenzio, Mei Li, Gaël Ménasché, Laurent Reber, Joana Vitte
